

Village Hope Annual Conference & Centenary Celebration

Mobilising mission – past, present and future

Guest Speaker – George Verwer, Founder, Operation Mobilisation

26 - 28 April 2019

Elim Conference Centre
Malvern, Worcestershire,
WR14 4DF

Our conference theme, in this our centenary year, is 'Mobilising mission - past, present & future. To help us explore this theme, we are very pleased to have, as our guest speaker, George Verwer, founder, and leader for 40 years, of Operation Mobilisation.

George has a lifelong passion to share the gospel. He will look back over some of his personal journey, and share some lessons for the future, gleaned from more than 60 years of global mission. His dynamic and cross-centred Christianity will be both refreshing and challenging for us all. George will be speaking in sessions on Friday evening and Saturday morning.

This year marks one hundred years since our founding as the Friends Evangelistic Band. We shall dip into our archives to celebrate the endeavour of our spiritual forebears and seek to understand how their experiences can help and inspire us today.

Finally, we will share some of Village Hope's current work and future plans, and hear from Laura Toomer, our recently appointed Schools Development Worker, who will introduce our new Rural Schools Project.

The Conference starts on 26 April with arrival and afternoon tea from 16.30 and supper at 18.00, and finishes with lunch on Sunday 28 April.

Throughout, there will be much time given to fellowship, worship and prayer, and there will be a recreational break on Saturday afternoon - a chance to rest, swim, walk in the Malvern Hills or visit Great Malvern.

All are welcome to attend the whole Conference or just Saturday daytime.
